Eagle Killed.

Henry Mozart brought to this city last Friday a large Golden eagle, which he said he had killed that morning near Fort Estill. The bird measured seven feet from tip to tip and was a beautiful specimen of that species. The eagle is becoming almost extinct in this section of the country and will soon disappear, if not protected by law.

A Wonder.

While the men were at work at the Chinn Mineral Mine last Saturday, digging about 300 feet under the cliff, in the bowels of the earth, they struck a wonderfully large cave. It has been explored for quite a distance, but no terminal has been reached. Col. Chinn has written for the State geologist to come and make a thorough examination of the cavern. It has very beautiful and marvelous chambers. —Harrodsburg Herald.

Hay For Sale.

All kinds—clover, timothy and mixed—in quantity to suit purchasers. Delivered anywhere. H. C. Pieratt, Phone 478-6, or S. S. Combs, Phone, 478-4.

Board of Education Elect Officers.

At a meeting Wednesday night the Board of Education elected officers for ensuing four years as follows: Edgar Blanton, re-elected president, A. M. Davidson, secretary-treasurer. The following gentlemen compose the board: Edgar Blanton, Jno. Noland, Jesse Cobb, A. M. Davidson, Z. T. Rice and Jno. Allman. Miss Mary Martin, daughter of J. W. Martin, was selected to succeed Miss Stella Phelps, resigned, as teacher in the third grade of that school. Miss Geneva McCarty was elected substitute teacher for the year.

Announcement.

The Kentucky Utilities Company wish to announce that in accordance with their customary broad policy of "Customers First" that the usual low prices on all things electrical will prevail during the year Nineteen Hundred and Fourteen. For your information they wish to state that this includes electric irons, grills, coffee percolators, toasters, vacuum cleaners, lamps, (Mazda, and others) fans, motors, etc. The Company's District Manager invites criticism of service rendered, all such complaints receiving careful and prompt consideration at all times.

Don't be a Growler.

Don't be a growler. Some people contrive to get hold of the prickly side of everything; to run against sharp corners and disagreeable things. Half of the strength spent in growling would often set things right. You may as well make up your mind, to begin with, that no one ever found the world quite as he would like it; but you are to take your part of the trouble and bear it bravely. You will be sure to have burdens laid upon you that belong to other people, unless you are a shirker yourself; but don't grumble. If the work needs doing, you can do it, never mind about that other who ought to have done it and didn't. Those workers who fill up the gaps and smooth away the rough spots and finish up the jobs that others leave undone, they are the true peace-makers and are worth a whole regiment of growlers. —Shelby Record.

Sheep Thieves

There are robbers in your pastures and they are stealing your profits. If your sheep are infested with worms, you should stop the loss. Worms make poor wool, few lambs, less weight of mutton. They starve your stock, make them sick and finally kill.

SALVET

A Guaranteed Medicated Salt Will Kill Worms

Sold under a guarantee to kill and expel all free stomach and intestinal worms. Will put sheep, hogs and all stock in prime condition. Tones up the system, sharpens the appetite, helps to put on fat quickly. Different from all other worm remedies. Safe, sure and costs little—1-12 cent a day per hog or sheep. Use Sal-Vet and your stock will doctor themselves.

For Sale by

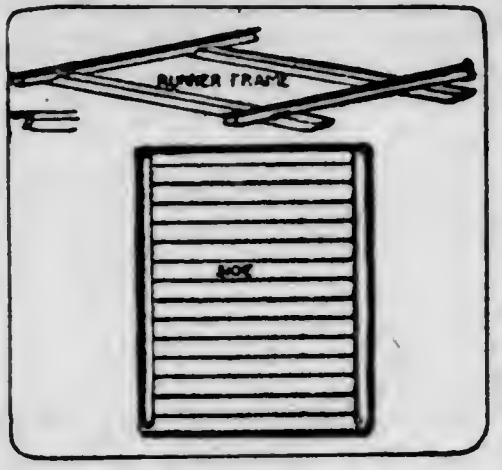

W. D. Buckley & Co

CHEAP COLONY HOUSES

Coops May Be Moved at Will by Aid of Runners.

If Floor Space, Six by Six, Is Provided Room May Be Had for Accommodation of Fifty Fowls Without Any Crowding.

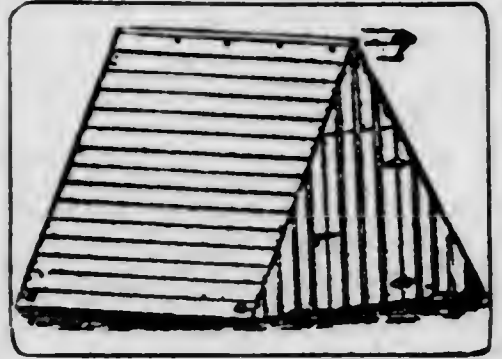

A considerable saving of lumber can be made by using knock-down poultry coops and colony houses. Herewith is an illustration of a knock-

Runner Frame and Slide.

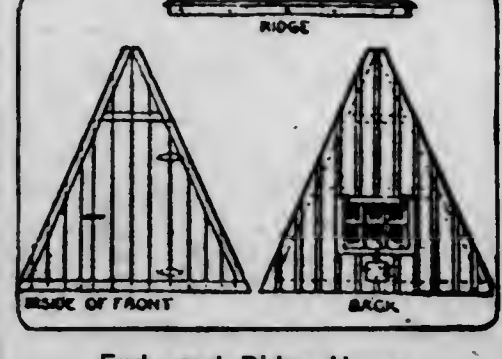

down colony house. This may be made of any convenient size. In construction two runners with notches near their ends are laid down and two cross pieces, also notched, are screwed or bolted to them, says the Orange Judd Farmer. The runners are provided so the house may be hauled from place to place. The cross pieces are to support the side walls. At the ends are bolts which run through the side wall, to which they are fastened by nuts and washers. The ridgepole is fastened to the sides by bolts also. The same with the ends, which are made triangular, as shown.

As these houses are intended only for summer use, they may be built of comparatively light material, with clapboarding for the sides and ship lap or matched stuff for the ends. It is desirable that not more than

Colony House Complete.

50 chickens be kept in one colony house and that each flock have a grass plot of at least 1,000 square feet unless they can have free range. These houses are also useful to shelter brooders in the early part of the season. If the houses have a floor space six by six they will each accommodate 50 chicks without crowding, and when the chicks are old enough to do without the brooder they can be allowed to range from the house itself, thus becoming accustomed to their quarters from the very first. A convenient size for the house illustrated is six by six on the floor and seven feet to the peak. These allow a man to stand up inside and to attend to the brooder and chicks without inconvenience. They can be built of odds and ends of material, but if new material must be bought and if

Ends and Ridge House.

the house is painted as it should be, it would cost about \$8. If unbolted and stored under cover, as they should be, such houses should last for many years, so the first cost would be insignificant compared with the life of the houses themselves.

The Poultry Beginner.

By buying a pen of fowls in the fall you have an opportunity to get some strictly fresh eggs from your own hens during the winter months, when such eggs are difficult to purchase. To be rewarded with some nice eggs within a short time of starting to keep poultry is encouraging enough to the average beginner to spur him on in the work he has undertaken, not to mention the possibilities of immediate profits from the little flock. Encouragement is what a beginner needs—something to show for the work and time put into the enterprise.

Cleanliness Insures Health.

Health is a thing essential in the flock, and to insure health keep the poultry house clean and use lime freely both in the house and all about the yard and runs. It will pay to be liberal in the use of lime. It is also important to have plenty of sunshine in the house.

Fall Hatched Chicks.

Fall hatched chicks require more care than summer ones. They are apt to take cold on frosty mornings and chilly days. Give them a warm place to roost and keep in until after the chill is gone in the morning.

Matt Cohen Arrested For Shipping Birds.

The Lexington Herald of Thursday contained the following notice, which will be of interest to Climax readers:

Matt S. Cohen, the well known saddle horse trainer and live stock claim agent for the L. & N., was arrested Tuesday on the charge of breaking the Interstate bird law in sending birds from Kentucky to Ohio.

Mr. Cohen gave himself up to Sheriff Bradley when he heard there was a warrant out for his arrest.

About five weeks ago Mr. Cohen sent some birds from Glasgow to Brent Arnold, general freight agent of the L. & N. road at Cincinnati, and the package was inspected en route by game authorities and a warrant sworn out for the arrest of Mr. Cohen. He was released on his own recognizance.

Madisonian Arrested.

Friday's Lexington Herald publishes the following: Jesse Baker, 22 years old, of Valley View, was arrested by Detectives Donlon and Stewart on complaint of Chas. Powell, also of Valley View, who charges that Baker broke into his home there and took a gold bracelet. Baker is being held here as a fugitive from justice.

It appears that after breaking into the house Baker went to Nicholasville, where some one had seen him with the stolen bracelet. Powell was informed of this fact and followed Baker to this city and found him in a Vine street saloon. He informed the police and detectives placed Baker under arrest. As the prisoner was being searched Charles Jelly, of this city, came in and handed Detective Stewart a gold bracelet which, he said, Baker threw across the street as the officers came out of the saloon with him. Powell identified the bracelet as the one taken from his home.

Several bystanders said they saw Baker throw something away as he left the saloon with the detectives, but they did not attach any significance to this until Jelly had found the bracelet, which dropped almost under his feet.

Deals

In Real Estate, Stock and Crop Reports of Special Interest :

Wm. H. Whaley, Jr., near Paris, sold to James H. Hutsell, of Montgomery county, 50 head of cattle, averaging 950 pounds, at 7c.

That hundreds of farmers are being swindled by the use of fake hog cholera serum, is the opinion of Representative Henry Brady, of Iowa. Other men have sounded the same warning. Mr. Brady estimates that \$1,000,000 have been spent this year by Iowa farmers for fake remedies. The outbreak of the disease has given a productive field for swindlers to work. They take advantage of the almost desperate situation of a farmer who is trying to stamp out the plague from his herds and who will try almost anything offered. This work by fakers has had a tendency to weaken farmers' confidence in the real serum treatment, which is being carried on by the Government, State colleges and farm agents.

LEADING WHOLESALE DRUGGISTS OF RICHMOND GIVE OUT STATEMENT.

Authorize Retail Druggists To Sell New Treatment on Thirty Days' Trial, Money To Be Refunded If It Does Not Relieve Colds Overnight, Croup In Fifteen Minutes.

Applied Over Throat and Chest, It Is Inhaled At a Vapor and Absorbed Through The Skin.

Leading Richmond Druggists Will Give Away 25-Cent Packages Free.

The wholesale drug houses of Richmond have recently imported from North Carolina a new treatment for all forms of cold troubles—something that is a little out of the ordinary.

They have authorized the Richmond druggists to refund the purchase price, 25c, 50c and \$1.00 to any user who does not find this new "external" treatment the best thing they have ever tried.

The method of taking this treatment is novel one. In place of being swallowed in the form of a tablet or syrup, it is in the form of a salve and is applied over the throat and chest—in severe cases being covered with a warm flannel cloth.

This salve is so made that the heat of the body releases vapors of Pine Tar, Thymol, Eucalyptol, Menthol, etc., which arise from the chest and are inhaled with each breath direct to the lungs. At the same time the preparation is absorbed through the skin, taking out the soreness.

Persons who have tried this new treatment say that the next morning the head is clear, phlegm loosened and sore-

ness gone. Croup is positively relieved in fifteen minutes and sufferers from bronchial troubles, catarrh, asthma, sore throat, etc., will find this treatment gives remarkable relief.

To mothers, especially, this preparation will be a boon, as by its use the little chaps can be kept free from all croup and cold troubles without having to injure their stomachs by dosing with internal medicines.

No one realizes the value of an "external" treatment better than the skilled druggist, and most of the Richmond druggists are arranging to give away free, to their regular customers, a limited supply of 25-cent packages free.

Only a few dealers so far have received their shipments, but to insure a free package it is best to present coupon below to your druggist at once and have your package reserved.

JANUARY 13, 1914

THE charges preferred against the Eastern Kentucky Normal School by Inspector Goodpastor some months ago and again being made a part of the Legislative Investigating Committee, were answered in the Climax on the publication of Mr. Goodpastor's report during the summer, hence we know Dr. Crabbe will amply justify his acts before the investigating body at Frankfort. Mr. Goodpastor to the contrary notwithstanding those who have been in touch with the splendid work of the Normal School of this city, and are familiar with the character of men in whose hands the future of that institution has been intrusted, have implicit confidence in the integrity of Dr. Crabbe and every other official connected with the school, and nothing that Inspector Goodpastor or any other man may say to its detriment will cause those in a position to know and appreciate a school of this character to lessen their regard for this, one of the greatest institutions of learning in Kentucky.

BECAUSE the Secretary of State failed to advertise the constitutional amendment requiring the classification of property for purposes of taxation within the period as prescribed by law, the Court of Appeals holds that the amendment is invalid, therefore the will of the people who voted at the last general election in favor of the constitutional amendment has been thwarted as the result of the dereliction of duty of a State official. The convict labor amendment, which was not passed on by the court, will also be invalid for the above stated reasons.

A SEVERE parolee convict has been arrested in St. Louis and no less than seventy thefts have been traced to his restless activity since his release from the penitentiary on parole two years ago. The incident shows the danger of the indeterminate parole. Some years ago a parolee convict killed two people in the city of Louisville. Prison boards lose nothing by going slow in turning convicted criminals loose upon a community.—Bourbon News.

SENATOR CHAS. D. ARNETT has introduced in the State Senate a bill making it a penitentiary offense for the conviction for carrying concealed deadly weapons and fixing a fine of \$50 to \$200 and a jail sentence of 40 days and disfranchisement for a term of two years for the first offense. This is a splendid bill and should pass both Houses unanimously. It would be more effective if made a felony for the first offense.

PRESIDENT WILSON has reason to be pleased with his first year's work, since the country is pleased with it.

An Unusual Phenomenon.

We have learned from a reliable source of a most unusual and spectacular phenomenon which occurred near Tates creek one day last week. We often see brilliant meteoric displays at night, but to see a large ball of fire descend from the heavens in midday is something most extraordinary. Those who witnessed the above, stated that the ball of fire descended and when within a few feet of the earth burst and flowed out in all directions, leaving only a dense cloud of smoke to arise.

Mr. Paul Hanger spent Monday in Lexington.

Miss Madge Burnam is visiting friends in Lexington.

Miss Sue Wood, of Stanford, is visiting friends in Richmond.

Mr. H. N. Quisenberry is visiting her mother in Boone county.

Mr. Robert Collis, of Versailles, spent the week-end in Richmond.

Mr. G. T. Grinstead has returned from a business trip to Somerset.

Autumn Robert Smith, of Irvine, was in the city Friday on business.

Mr. R. E. Turley was in Louisville, Thursday and Friday on business.

Mrs. Al Nance, of Somerset, is the guest of her mother, Mrs. W. E. Myers.

Mr. William Collins, of State University, was at home for the week end.

Mr. Mike W. Miller, of Jellico, has been visiting his son, Mr. Eugene Miller.

Miss Mattie O. Tribble has returned from a visit to relatives in Lexington.

Mr. Claud Sandlin is rapidly improving from a recent severe attack of pneumonia.

Mr. and Mrs. Jesse Dykes and daughter have returned from a recent visit to Paris.

Miss Frances Wager was the guest last week of Miss Virginia Lear, at Nicholasville.

Mr. Uley Harris, Jr., of Vincennes, Ind., is visiting Mr. and Mrs. Harvey Douglas.

Miss Mattie Tribble, of Shelbyville, has been the guest of Mr. and Mrs. T. S. Hagan.

Mr. and Mrs. Kinnaird, of Detroit, are the guests of Mrs. Kinnaird's father, Rev. O. J. Young.

Born to Mr. and Mrs. J. J. Greenleaf on Monday, a daughter, Ida Jennings Greenleaf.

Mrs. Neale Bennett was hostess of the French Mission Circle on Monday afternoon.

Mr. William Carroll, of Covington, was the guest of Mr. and Mrs. Morris Kellar, Sunday.

Mr. and Mrs. R. G. Scott have moved into the beautiful new cottage on South Second street.

Editor John W. Walker, of the Irvine Sun, was a pleasant caller at the Climax office Saturday.

Elder Joe Grant and wife are visiting relatives and friends at Richmond.—Jesseman News.

Mrs. Watts and daughter, Mrs. Bryant, of Lexington, were the recent guests of Mrs. H. M. Blanton.

Mrs. Nancy Edwards is spending the winter with her aunt, Mrs. Nannie Benton, in Louisville.

Miss Katherine Brown, of Lexington, spent Friday with the family of Mr. George Bogard.

Mrs. Elmer Tate and daughter, of the county, were the guests last week of Mr. and Mrs. J. D. Dykes.

Messrs. Leo and Thomas Kellar spent Sunday here with their parents, Mr. and Mrs. Morris Kellar.

Mrs. A. J. Reed, of Bourbon county, is visiting her mother, Mrs. George B. Todd, at Speedwell.

Mr. and Mrs. Everett Berry have moved to Winchester, where they will reside in the future.

Mrs. Sam Q. Royce, of this county, has gone to Hot Springs, Arkansas, for a stay of several weeks.

Mrs. Irvine G. Ballard and little daughter, Frances Morton, are visiting in Cincinnati and Louisville.

Miss Martha Kavanaugh will leave shortly to enter the Normal School in Richmond.—Lancaster Record.

Miss Margaret Parrish attended the opening of the Governor's Mansion and the Ball, Tuesday evening in Frankfort.

Mr. Charles Soper was called to Shelbyville last week on account of the serious illness of his sister, Mrs. Mary Shouse.

Mr. and Mrs. Strother Park, of Richmond, are here, having come to attend the Leslie-Paris wedding.—Winchester News.

Messrs. Hattie Buchanan, James Bennett, W. C. Bennett and Miss Laura Clay spent several days last week in Frankfort.

Miss Mattie Elder, pianist at the Opera House, has resigned her position and left yesterday to spend the winter in Florida.

Mr. S. R. Griffith, late with the Bijou Theatre, Chattanooga, Tenn., has accepted the position as pianist at the Opera House.

Dr. J. G. Bosley, who is being treated at the Patti A. Clay Infirmary, is reported much better, much to the gratification of his many friends.

Misses Carrie and Rebecca Browning were in Richmond, Thursday. The latter will enter the Normal School at that place shortly.—Winchester Sun.

Miss Lucia Burnam, who has been in Louisville visiting her niece, Mrs. James Wilson, has gone to New Orleans to spend the remainder of the winter.

Dr. Sibley, of Louisville, preached at the Presbyterian church, this city, Sunday. While here Dr. Sibley was the guest of Mr. and Mrs. R. R. Burnam.

Mr. and Mrs. Joe Moores, who were married at Crescent Hill, Jefferson county, Wednesday, have been visiting the former's sister, Mrs. J. A. Todd and family.

Miss Carrie Farley and Miss Elizabeth Farley are spending several days in Nashville, Tenn., where Mr. John William Farley was a student before his untimely death.

Misses Elath Buchanan and Elizabeth Taylor were the guests of Mrs. Cromwell at Frankfort, Tuesday evening, and attended the opening of the Governor's Mansion.

The young people of the Waco neighborhood gave Miss Lena Taylor a "Storm Party" on Monday evening. Miss Taylor leaves in the near future to make her home in Irvine.

Miss Lucille Gibbs, of Kingston, is spending the week with Mrs. Vard Taylor, at Waco, and was the guest of honor at a lovely party given by Mrs. Taylor on Friday evening.

Hon. J. Tevis Cobb, who has been ill at his home near Red House for several months, is considerably improved and his friends hope he is now on the road to recovery.

Prof. and Mrs. H. E. Taylor and six other music lovers came down from Louisville, Friday evening, to hear Mrs. Fannie Bloomfield Zeisler in her concert at the Normal Chapel.

Jailer Morgan Taylor attended the Association of Jailers of Kentucky at Lexington, Thursday. Mr. Taylor was made a member of the Executive Committee of the Association for the ensuing year.

Mr. and Mrs. H. P. Reid and daughter, of Mt. Sterling, have been visiting Mr. and Mrs. John Rymel. Mr. Reid, who formerly lived in Richmond, is now connected with the Mt. Sterling Advocate, and was given a warm welcome by many friends during his stay in this city.

Dr. and Mrs. Vard Taylor entertained with a beautiful four o'clock dinner Thursday afternoon at their home at Waco, to celebrate their twelfth wedding anniversary. A delicious course dinner was served to fourteen friends, who were: Mr. and Mrs. J. H. Dean, Dr. and Mrs. C. H. Vaughn, Mr. and Mrs. C. F. Park, Prof. and Mrs. J. R. Thompson, Mr. and Mrs. G. F. Higgins, Mr. and Mrs. A. K. Gibbs, and Misses Lucile and Virginia Gibbs.

Miss Georgia Belle Powell was "At Home" Tuesday evening, complimentary to the Faculty of Caldwell High School. The subject discussed was—James Lane Allen. Interesting papers were read by Miss Sarah Quisenberry, Miss Mary Almon, Miss Lee White and Miss Georgia Belle Powell. Those outside the Faculty who gave numbers were: Miss Mary Tray or. Song; Miss Lullah Dilling, Song; Miss Mary Hurst, Reading.

A special dispatch from Winchester, Monday, says: "Mr. T. Dykes, of Paris, father of Patrolman J. T. Dykes and Mrs. A. J. Lisle, of this city, will celebrate his seventy sixth birthday in Paris, Wednesday. The occasion is also the birthday of his son, Jesse Dykes, of Richmond, who will be fifty one years old, and his grand-daughter, Miss Lena Dykes, of Winchester, who will be eighteen. Mr. and Mrs. J. F. Paris will also be honor guests for the dining. A triple birthday dinner is given annually, the affair being held last year with Mr. Jesse Dykes. On account of the illness of Mr. T. Dykes, the father, it was decided this year to hold the reunion at his home in Paris."

Mr. C. S. Jessup attended a conference of the route agents of the Adams Express Company at the Seelbach Hotel in Louisville, Friday and Saturday, when every phase of the new express rates which go into effect February 1, were gone into. Representatives from Kentucky, Indiana and Illinois cities were in attendance. The meeting was a most interesting affair. Mr. Jessup has been assigned the duty of route agent between Beattyville and Frankfort, and Richmond and Corbin. He will be a very busy man for the next few weeks. He is one of the best express agents in the State, and his new assignment is a most signal honor worthily bestowed.

Card of Thanks.

I desire to express my sincere thanks to my relatives and friends for the kindness shown me during the recent illness and death of my beloved mother, and for the beautiful floral offerings. I also desire to thank Rev. E. B. Barnes for his kind words of consolation, the Choir for the beautiful hymns rendered, the Pall Bearers for their kindly ministrations, and Messrs. Oldham and Lackey for the kind and efficient manner in which the funeral was conducted.
MISS EVA ROBERTS.

The Doll Girl.

"The Doll Girl" the new three act musical comedy composed by Leo Fall with English book by Harry B. Smith, will be presented by Charles Frohman at the Lexington Opera House, Wednesday, January 21, matinee and night, with Richard Carle and Mattie Williams as co-stars. The piece is described as being a worthy representative of the musical comedy of the new Viennese school. It is one long succession of delightful melodies—twenty-four of them—songs, dances, marches and charming pieces, furnishing a feast of charming music. The work comes here from New York, where for four months it proved to be a

source of delight. "The Doll Girl" has had a most interesting history. Originally it was a French comedy that won success on the banks of the Seine. Stein and Willner conceived the idea of turning it into German, and Leo Fall, the composer of "The Dollar Princess," agreed to furnish the score that would make of it a musical comedy. Under the title of "Das Puppenmaedel," the work was produced in Berlin, and there made a most substantial hit.

A Hard Duty to Perform.

Constable Jake Tresler, of Fayette had a disagreeable duty to perform when he was called upon to convey his own son, Mack Tresler, to the penitentiary to serve an indeterminate sentence of two to twenty one years for the murder of Neal Mitchell, at Lexington, several months ago.

\$5,000 For Hospital.

Bourbon county will give \$5,000 annually to the support of the W. W. Massie Memorial Hospital at Paris. At a meeting of the fiscal court it was ordered that an appropriation to this amount be paid in monthly installments—to the trustees of the institution. The hospital, which was endowed by the late Mrs. Annie Massie, is supported in part by the city and county.

Accidentally Killed.

News reached here Sunday evening of the accidental killing at Valley View that afternoon of Terry S. Perkins by his cousin, Luther Perkins. The young men were engaged in a scuffle in front of the Perkins home, when Terry is reported to have said to his cousin: "You have a pistol and if you will put it away I am as good a man as you." Luther tossed the pistol aside and when it struck the ground it was discharged, the bullet taking effect in young Terry's head, death following a few hours later. Both young men were about the same age, about 22 years, and sons of well known residents of that village. Terry Perkins was a turnkey under Jailer N. B. Jones during the past year and was popular with all who knew him. No arrests have been made in connection with the tragedy.

The Zeisler Concert.

Through the energy of President J. G. Crabbe and an efficient faculty committee, Richmond has from year to year a lecture course that surpasses those given in the average cities of like population. The Normal lecture courses are established. They have brought talent that is very much worth while. Now, by virtue of the energy of the musical clubs of the city and the financial backing of Prof. Hoskinson, Richmond is to have another rare privilege. We believe no community in the State will hear better music this season than that heard right here at home. Two of the artists would be big drawing cards in any city in America or Europe. The remaining numbers of the series of concerts are far above the usual musical attractions.

Friday evening, Fannie Bloomfield Zeisler gave to a splendid audience in the Normal chapel what will no doubt prove to be the most artistic of the four great numbers. Her technique is beyond adverse criticism. To find a flaw would be to prove one's judgment unbalanced. The delicacy and clarity of the light runs, the bold thundering of her marvelous fingers, who rendered the heavier selections, the perfect sense of rhythm, all will be a memory long to remain in the hearts of lovers of the piano. To her technique she added a temperament as clearly marked as her technique. Under her matchless power the simple and over-worked sections took unto themselves poetic beauty. Under that same sway brilliant numbers like the 12th movement of Liszt's Hungarian Rhapsody, or the Ed-King, were wrought with marvelous effect. Such resources elevate the standard of music for any community. World artists are not every-day fare. The attention and response given this splendid performer are a delight to record.

Music-lovers were present; all of them.
R. G. S.

Church Notes

The second of the series of the Epworth League lecture course will be given Thursday, Jan. 22, at 7 p. m. at the Methodist church, by Mr. Roscoe Gilmore Stott, subject, "Birds I Would Like to Shoot—And Others."

Rev. E. B. Barnes, at the Christian church, will take as his subject for next Sabbath evening's service "The Menace of The Streets." The public is cordially invited to attend.

Commissioner's Sale

Madison National Bank
H. B. Hanger
Ed Blanton & Co. Plaintiffs
vs.
B. F. Hord, &c Defendants

Under and by virtue of a judgment and order of sale rendered at the October Term, 1911, of the Madison Circuit Court in the above styled action, the undersigned Master Commissioner of said Court will on

Saturday, Feb. 7, 1914

at 11 o'clock a. m., on the premises, sell to the highest and best bidder at public auction the following described land or so much thereof as it will produce the sum of \$1,171.25, the amount ordered made, viz:

A CERTAIN TRACT OF LAND situated on the turnpike road leading from Richmond to Lancaster, on the west side thereof in Madison county, Ky., containing 14 acres and 60-100 acres, and adjoining the land now owned by Adam B. Green and the lands of White, and Elizabeth Irvine. Beginning at a stake in the middle of the pike corner to Irvine; with Irvine's line N 65 1-2 W 212 feet to a hackberry corner to Irvine on White's line, S 28 1-2 W 296 feet to a stake corner to the 21 acre piece, with line of same S 65 1-2 E 2200 feet to a point in middle of pike, with middle of pike W 11 1-2 E 326 feet to the beginning.

TERMS.—Said land will be sold on a credit of six months time. The purchaser being required to execute a bond payable to the Commissioner for the purchase money with approved security, and a lien will be retained on the land sold to secure the payment of the purchase money.

Marion Coy J. M. Haden M. K. Ross

TO THE TOBACCO GROWERS OF MADISON AND ADJOINING COUNTIES:

We have been giving each week as near an accurate report of the condition of our market as it was possible for us to do this without coloring simple facts. We believe that we have been here long enough for our statements to pass without question, as facts at last is all that enters in the count. We sold during the week just closed 433,000 pounds of tobacco; the entire market up to Saturday had sold 4,285,390 pounds. The Madison House sold, 2,263,585 pounds of this, more than both other houses by over a quarter of a million. We are not boasting, we are simply pleased over your confidence in us and our methods.

Then again we say THE MADISON STILL LEADS BOTH IN PRICES AND POUNDS. While the week's prices were a shade lower than last week, but compared favorably with it, considering the quality of tobacco offered and the dry weather. No real fancy tobaccos were offered. We still believe we have the strongest market in the State. We sold on Monday the 19th, over 70,000 pounds. The market opened up Monday from one to two dollars per hundred higher for all grades. We give below some of the best prices obtained throughout the week: Whittaker & McCreary Madison county, 2135 pounds, average \$17.25; Gulley & Prather, Garrard county, 3500 lbs, average \$19.15; B. T. Lunsford, Garrard county, 1905 lbs, average \$17.27; Prather and Sons, Garrard county, 3805 lbs, average \$16.15; Nat. Prewitt, Garrard county, 2720 lbs, average \$16.17; Millon and Long, Madison county, 3935 lbs, average \$16.50; J. Q. Oldfield, Madison county, 2090 lbs, \$15.94; T. J. Curtis & Son, 6805 lbs, average \$15.85; D. N. Long, Garrard county, 1950 lbs, average \$17.75, one basket of this bringing \$20.50. J. J. Kirby, Madison county, 2375 lbs, average \$15.90. The last two crops were sold on Monday.

We expect the same strong market to obtain throughout the season. Tobacco is coming in more slowly will give us a better opportunity to give each and every seller individual attention and to assist him in securing every cent for his tobacco that can be gotten. Our experience in the market is your gain.

We thank you once again for your very liberal patronage and hope that we can be of further service to you in the matter of getting the top prices for your tobacco. Call on us day or night, we will be glad to see you. We are very sincerely and gratefully

The Climax—1 year \$1

Bound by Strong Ties.

Editor John W. Walker, of the Irvine Sun, has the following to say in his publication of last week regarding the kindly feeling existing between the counties of Estill and Madison, which we assure Mr. Walker is reciprocated on the part of every one in Madison county:

"Estill and Madison counties are closely bound by social and commercial ties. Many Estillites have moved to Madison, many Madisonsians have moved to Estill. Our people have had and will continue to have occasion to haul farm products and drive stock to the Richmond market. Probably within the next few years farmers of Madison will be coming to the Irvine market. At present, a goodly number of citizens in the western part of the county near the Madison line, go to Richmond to do most of their buying and selling. The reason they do not come to Irvine is obviously apparent. There is a good turnpike from Drowning Creek to Richmond, while the alleged pike from Drowning Creek to Irvine is in such condition as to discourage travel over it. Other things being equal, it is quite the natural thing for our people to use the better road and patronize the Richmond merchants."

"The improvement of the turnpikes in Estill would naturally bring much of this trade to Irvine. It would materially benefit the agricultural and commercial interests of Estill county."

"A new administration will soon take charge of the county's affairs—on Jan. 5th. As we have previously said, this is an important period in the development and progress of the county. Now in the time to think and act, in order to bring about better conditions, which can be done by improving the roads. The turnpike to Drowning Creek deserves consideration."

Old-fashioned New Orleans Molasses and Country Sorghum,
16-17. Lackey & Todd.

Suggested Game Law Revision.

Any squirrel caught in the act of building a winter home must not be disturbed if properly executed building license is shown.

If a bird or wild fowl of any kind alights on the gun barrel of any hunter, he must not attempt to kill same with a club. Such act shows a lack of appreciation of the humor of such an incident and the State will not tolerate such lack.

It shall be unlawful for any hunter to shoot at any game bird or animal and miss it.

In order that all hunters may readily know a cow from a rabbit all applicants for hunting license must have taken a short course at some agricultural college.

Hunters are required to show hunting licenses on demand of any animal or fowl. After showing game his license, hunter must blindfold himself and count 100 while the game hides. Before removing blindfold hunter must repeat "All eyes open; here I come," or some such line.

Any hunter who finds more than one squirrel in any one township of the State shall report same by wire to the game warden.—Ripley Bee.

Colds To Be Taken Seriously.

Intelligent people realize that common colds should be treated promptly. If there is sneezing and chilliness with hoarseness, tickling throat and coughing begin promptly the use of Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, and stops the cough which causes loss of sleep and lowers the vital resistance. All druggists. Jan.

Why Society Editors Are Dippy.

"Don't forget to put in about the real bird of paradise plumes that my daughter Effie wore."

"We would like to have you publish a full list of the wedding presents. They are simply magnificent."

"Just wait out in the hall until the party is over and I will give you all of the details."

"Don't forget to say the table was decorated with syringas."

"My husband and I are going to Chicago to grand opera. But please don't mention it in the paper. That is why I called you up."

"Be sure and put my husband's middle name in it. He is very particular about that. So that there will be no mistake, I am enclosing one of his engraved calling cards. I gave them to him for his birthday and he always leaves them at home in my desk."

Speak Ill of Nobody.

On a page devoted to New Year resolutions in the January Woman's Home Companion, a Kentucky contributor suggests the following as the best one for 1914:

"If your readers have seen the great evil resulting from the mean habit of tattling, as I have, they will surely join me in saying that no better resolution could be made for the betterment of all than the one firm resolve to speak no ill of anyone, nor to repeat anything of an unkind or evil nature that you may be told by another."

For Sale.

Few extra good Bourbon Red Turkey gobblers. A. D. & C. D. Miller. 20-17

This Is Funny!

The little boy was on his knees in his little night dress saying his prayers and his little sister couldn't resist the temptation to tickle the soles of his feet. He stood it as long as he could and then said: "Please, God, excuse me, while I knock the stuffin' out of Nellie!"

Becoming Scared.

It is evident that the liquor interests of the country are becoming frightened at the outlook for National prohibition and well they may be. The distillers and wholesalers have no one to blame but themselves, for they have made no attempt to fight the bootlegger and low class of saloons. They had it in their power to assist very materially in the upholding of the local and State laws, but did not do it and will probably reap disastrous results from their neglect. The people become "cranks" when they see the law flagrantly violated and no protest from the manufacturers.—Harradburg Leader.

Worth Thinking About.

Mayor Cassidy, of Lexington, after inspecting the assortment of Christmas drinks at the police station Thursday, declared himself in favor of the establishment of a State hospital for the treatment of inebriates. The mayor's idea is to establish a farm of about 500 acres and to put the drunkards to work at farming, gardening, dairying, fruit culture, etc. He believes such an institution would be a power for good and could not only be made self supporting, but a source of revenue to the State. At the present time there is not much probability of such a project receiving much legislative attention, but the plan is not a bad one and is worth thinking about.—Frankfort Journal.

Nine Classes Who Do Harm To a Town.

The men who do a town more harm than good may be classed as follows:

First, those who oppose improvement. Second, those who run it down to strangers. Third, those who never advertise their business. Fourth, those who distrust public spirited men. Fifth, those who show no hospitality to any one. Sixth, those who hate to see other men succeed. Seventh, those who oppose every movement that doesn't originate with themselves. Eighth, those who put on long faces when a stranger speaks of locating in their town. Ninth, those who oppose every public enterprise that does not offer personal benefit to themselves.—Lancaster Record.

For Heads of Families.

Every power put in the hands of a man carries with it the possibility of abuse. The natural measure, which is a teacher's due, is of course given to be used. The man must rule his household. Children must be trained, disciplined, guided, restrained. It is no appeal for anarchy. Even a despotism is better than no government at all. But if little ones are under your power, and rightly so, they are in your hands not for your pleasure and that you will may be done. They are human beings, immortal souls, with inalienable rights. Sins against them will recoil most terribly against the sinner. We see them recoiling every day, and that is why a sermon on this text is necessary, though you may never have heard one on it before.—Christian Herald.

For Rent.

Also two elegant office rooms over Yeager's jewelry store.
13-14 Phone 292. COLBY TAYLOR.

Ungallant Youth

While standing in the postoffice the other morning we were amused at a conversation between two of our prominent young ladies, who were discussing their Christmas beaux. This is what one of them said:

"They come right along the year around, until about the first of December, and then you see them thin out. First one then another disappears, until the first thing you know you don't receive a call in a week. That's a sure sign Christmas is at hand. Oh, we've got the thing down fine and we know what it means! This time, though, when some of these fellows come sneaking back after New Year and invite their old friends to take a five-dollar auto ride or a 75-cent dinner, they'll think something has dropped. The times may be hard, but I know a dozen girls who are not so hard up for a beau as to overlook a case of such mysterious disappearance at Christmas time. This is the season of the year when a girl can always tell which one, if any, of her admirers really means business."—Fulton Leader.

W. BUSH NELSON
LEXINGTON - KENTUCKY

Special Mattress Sale

On the
Celebrated
Come See
them in our
Windows

We have arranged for a Special Sale

On the celebrated Stearns & Foster Mattress and are offering this most Comfortable, Durable and Sanitary of all Mattresses, in selected patterns of the best qualities of Satin-finish, Dust-proof Tickings—WITHOUT EXTRA CHARGE.

Beware of so-called "Special Sales" on "Cotton-felt" or "Felt" Mattresses—said to be the "genuine kind" and offered at such ridiculously low prices as are sometimes seen displayed. You do not know WHAT sort of material has been hastily STUFFED into the ticking. From a Sanitary standpoint, it may be vile; unfit for any person to sleep upon. As for genuine Comfort and Durability, such Mattresses are utterly worthless. It don't pay to buy them.

Stearns & Foster Mattresses have a laced opening (Pat. applied for) through which you can see and examine the inside of the Mattress you GET. That's the safe way to buy a Mattress. You know what you are getting.

Stearns & Foster Mattresses are made of Clean, Sanitary Cotton; felted into hundreds of little webs forming many Springy, Buoyant layers standing nearly three feet high. These layers are then LAID BY HAND and compressed to ONE-SIXTH their original height and encased in the ticking; then tufted to just the proper tension so as to be Soft, yet Firm, half yielding to your figure, but supporting it in perfect relaxation.

You will say—

"I never Knew a Mattress could be so Comfortable."

That's just what satisfied users of Stearns & Foster Mattresses are saying. You owe it to yourself to get one and enjoy rest that is Refreshing—Comfortable—Healthful.

You don't have to be put to the expense and inconvenience of sending a Stearns & Foster Mattress away to be "Made Over" or "Renovated." They never require it. An occasional Sun Bath keeps them fresh and clean.

Don't Fail to attend this Sale. Come today.

Select the Mattress you want—NOW. Don't put up longer with that old uncomfortable Mattress.

A Comfortable Night's Rest on a Stearns & Foster,
Costs too Little.

We'll give you a POSITIVE GUARANTEE on every Mattress bearing the Stearns & Foster name.

HOW ONE PHYSICIAN BECAME A NEAL-WAY CONVERT.

Sent Patient To Neal Institute For Safety's Sake and Then Discovered Efficiency of The Modern Cure For Alcoholism.

There's a doctor in Indianapolis who cannot say enough good things for the Neal Treatment to his medical association. Only about a year ago this physician had little confidence in this treatment for the liquor habit. Despairing, however, over the case of a liquor-enraged patient, who needed personal and continuous treatment, he "unloaded" him on the Neal Institute with a sigh of relief.

The result was marvelous. The "case" surrendered as a bad one, turned out to

be one of most glorious "quick transformations" ever turned out in the Institution. Three days of the Neal Treatment were sufficient to change the craving desire for liquor into abhorrence of everything alcoholic. The physician, surprised and delighted, is now an enthusiastic advocate of the Neal Treatment. Investigation quickly charges skeptics into firm believers. If you doubt, accept the urgent invitation to investigate.

The Neal Treatment is a physician's purely vegetable remedy taken internally, with no dangerous hypodermic injections. There is no publicity.

For booklet, "The Neal Way," write or phone The Neal Institute, 601 Maple Avenue, Cincinnati, Ohio. Telephone Avon 4020. Other Ohio Neal Institutes at Columbus and Cleveland.

JANUARY 13, 1931

Significant Statement.

A few weeks ago President Wilson made the following significant statement:

"I gain the impression more and more from week to week that the business men of the country are sincerely desirous of conforming with the law, and it is very gratifying indeed to have occasion, as in this instance, to deal with them in complete frankness and be able to show that all we desire is an opportunity to co-operate with them. So long as we are dealt with in this spirit we can help to build up the business of the country upon sound and permanent lines."

As a result of this understanding the Morgan group of financiers, which is the dominating financial power of the country, has withdrawn from active participation in about thirty of the great corporations and railroads of the country. This wise statesman-like policy is now rapidly improving business in all sections of the country, and instead of having unending legal battles between the Government and business interests, for which the public has been footing the bill, we are now entering upon an era of business peace and prosperity, and under the beneficial operation of the new Currency Bill the small business man will have greater opportunity than he has ever enjoyed before. We now have statesmanship in the White House instead of Demagoguery, and it is going to pay big dividends to the public.

ST. PETERSBURG, FLA.—A. J. Walsh was badly downed with rheumatism and sent for Foley's Kidney Pills, which was the only thing that would cure him. Geo. Potter, of Pontiac, Mo., was down on his back with kidney and bladder trouble, and Foley's Kidney Pills made him well and able to work. It is a splendid medicine and always helps. Just try it. All druggists.

A Definite Understanding.

A recent speech of Vice-President Marshall in which he set forth the desirability of promoting peace between business and the Government instead of conflict and friction, has been heartily approved by the business world and business men of all sections. Under Presidents Taft and Roosevelt, the Government launched wholesale law suits against business enterprises all over the country. In many instances the business interests were unable to

AN INCESSANT COUGH.

Continued Dropping of Mucus into My Throat.

A severe cough is always a grave symptom. It may not indicate organic disease of the lungs. Even though the cough is a functional disturbance it is of sufficient gravity to demand prompt attention.

The dropping of mucus from the back part of the nose into the throat indicates nasal catarrh. Sometimes this goes on a long time before the patient pays any attention to it. It is stated on good authority that mucus dropping into the throat in this way is a sure to excite catarrh of the stomach. At any rate, the condition ought to be corrected as soon as possible.

Mrs. Bourland, of Frankston, Texas, found after using Peruna that not only did the incessant cough disappear, but the dropping of mucus into the throat had also ceased. Read what she says:

"For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages."

"I tried many remedies, which gave only temporary relief, or no relief at all. I at last tried Peruna, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured."

"I most cheerfully recommend the use of Peruna to any one similarly afflicted."

People who object to liquid medicines can now obtain Peruna Tablets.

FOR STOMACH TROUBLE

John W. Skillen of Sidney, Ohio, Has Found a Remedy.

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions usually go together.

John W. Skillen of Sidney, Ohio, says: "I had a bad stomach trouble for years, and became so weak that I could hardly walk or do any work. My appetite was poor, and it seemed impossible to get any relief. Since taking 'Vinol' I find a remarkable improvement in my health, my digestion is much stronger, and I have gained in weight. I would not be without 'Vinol'."

'Vinol' makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. 'Vinol' is easily assimilated by the weakest stomachs, and is delicious to the taste.

Try a bottle of 'Vinol' with the understanding that your money will be returned if it does not help you.

P. S.—Stop scratching, our Sazo Salve stops itching. We guarantee it.

R. L. Middleton, Richmond, Ky.

Judge Benton Will Not Seek The Governorship.

The following press dispatch was sent from Winchester to the daily papers: "Judge James Milton Benton, of this city, who has been leader in recent issues of several Democratic papers for the Democratic nomination for Governor, declared that he did not look with favor on the suggestion. He expressed himself as being entirely satisfied with his present position, and said he in all probability would be a candidate for the same office when his present term expires in two years. Judge Benton said in part:

"The mention of my name in connection with the governorship by several newspapers was doubtless intended only to evince an act of friendly partiality with no expectation that it would be taken seriously by me or any one else, and as such, I appreciate the spirit that prompted the suggestion; but I want them and all my friends to know that, honorable as the office of Governor of this good State is, my field of service is not in the Governor's chair, and that I would not consider it a promotion from my present position."

"I hope none of my friends think that I have inspired or encouraged that suggestion, or lent a sympathetic ear or eye to it, for I have not. I yet owe two years of unabated service to the people of this judicial district, and I intend to give them that without having my mind distracted by thoughts of what the future may have in store for me politically; but, to be entirely frank, if I shall feel that my service as Judge has been acceptable, and that the party to which I owe allegiance wants, and the district needs, six years' more of my service, I shall very likely ask the Democrats of the district at the proper time to give me the nomination, and thereby permit me to serve the people again in the same way that I have served them in the past, except as that service may be improved by maturer age and larger experience, with the pledge given now that I shall be exceedingly grateful for such permission, if it is granted, and not in the least disgruntled if it is not."

Protect The Heart From Rheumatism

Rheuma Purifies The Blood and Throws Off Complicating Diseases.

Weakening of the blood tissues by continued attacks of Rheumatism affects the heart and produces complications which result fatally. RHEUMA puts the blood in condition to ward off other diseases and eradicates Rheumatic conditions from the whole system. Recommended for all forms of Rheumatism. 50 cents at B. L. Middleton's. This letter will convince you of its great value:

"I was so crippled with Sciatic Rheumatism I could not walk. Doctors could do nothing for me. After taking three bottles of RHEUMA, the Rheumatism had entirely left me."—Guy Torley, 125 Summit Ave., St. Paul, Minn.

Burley Tobacco Society Must Pay Back Taxes.

The new board of city commissioners of Lexington, at a meeting held last week, by a vote of 4 to 1 reversed the action of the old commission and ordered that the Burley Tobacco Society be required to pay back taxes on the money and tobacco held in that city by the Society since their headquarters were removed to Lexington from Winchester several years ago.

Worms The Cause of Your Child's Pains.

A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst; cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Don't let your child suffer! KICKAPOO WORM KILLER will give sure relief. It kills the worms—while its laxative effect adds greatly to the health of your child by removing the dangerous and disagreeable effect of worms and parasites from the system. KICKAPOO WORM KILLER is a health producer should be in every household. Perfectly safe. Buy a box to-day. Price 25c. At all druggists or by mail. Kickapoo Indian Medicine Co., Philadelphia or St. Louis.

The Georgetown Times says there must be a lot of trifling husbands in and around Lexington. For the year just closed 154 divorce suits were filed. There were 110 women who found marriage a failure and asked release from the state of "double wretchedness." Forty-four men asked that the yoke be lifted from their shoulders.

Place of Agriculture in Kentucky Schools.

Much is said nowadays about teaching of agriculture in the common and high schools, which teaching is supremely important, but on account of its very importance must be undertaken with great care.

A school is maintained primarily to serve the interests of its community. In other words, to do the greatest good to the greatest number. Agriculture is the predominant interest of Kentucky, hence it is obvious that agriculture cannot be rightfully neglected. When we say agriculture, we necessarily mean the whole scope of rural activities from corn production to home comforts and the general culture of the rural people. So bearing this in mind, it is not right to be so extreme as to decree the thorough teaching of such branches as history, geography, English, etc., for without a fair degree of proficiency in such branches the man is handicapped in business.

A further consideration that is necessary is the absolute unfitness of the vast majority of teachers for teaching agriculture properly. Some have advocated a State law requiring the teaching of agriculture in all the schools, but upon the passage of such a law, nearly all our teachers would find themselves confronted by a task for which they were quite unprepared and as a consequence they would proceed to blunder, the result being the propagation of all sorts of false ideas and ultimately a loss of confidence in scientific agriculture by the farming public.

For the present the best method undoubtedly lies in the introduction of agriculture into the high schools and institutions of similar rank. Provision should be made for the employment of well trained teachers of agriculture in such schools and for the installation of reasonably good equipment to aid them in teaching. The teacher is the main consideration, for after all the teacher is himself the school. He should not be expected to give advanced teaching in any particular branch, but should be able to get a few correct principles correctly placed in the minds of his pupils. Such things as the food necessary for plant growth, what the soil itself is, what its deficiencies are, how these deficiencies can best be corrected, what is meant by permanent fertility, how depleted soils can best be reclaimed, the importance of proper physical condition of soil, what constitutes a balanced ration for each class of animals, the merits of various classes of animals, how to select good seed, how to contend with insect enemies, how to produce good vegetables and fruits, how to sow and how to adorn the home, etc.

About 95 per cent. of our pupils never reach an institution of learning beyond the high school, hence the great importance of reaching this vast majority with the above enumerated useful teaching by placing it in the secondary or high schools.

As a matter of fact a large proportion of our common school teachers receive their training in these high schools, and therefore if we can reach them there with this useful instruction, the problem of teaching agriculture in the common schools will in time do much to solve itself, and in due time legislation requiring the teaching of agriculture in the common schools will be really beneficial.

T. R. BRYANT,
Head of Ext'n Dept. Exp'n'l Sta.,
Lexington, Ky.

KILL CATARRH GERMS—USE BOOTH'S HYOMEL.

Try the sure and most effective way to reach the raw, tender, inflamed mucous membrane infested with catarrh germs—use Hyomel. You breathe it—no stomach dosing.

If you suffer from raising of mucus, frequent sneezing, husky voice, discharge from the nose, dropping in the throat or any other symptoms of catarrh—breathe the germ-destroying air of Hyomel. It acts directly on the inflamed membranes, destroying the disease germs in the nose, throat and lungs and giving quick and permanent relief, or money refunded by B. L. Middleton.

The complete outfit, including pocket inhaler and bottle of liquid, costs \$1.00. Extra bottle of liquid, if later needed, 50 cents.

Something About The Legislature.

Married men predominate in the membership of the 1914 General Assembly in the ratio of 91 to 43. Farmers lead in the occupations of the members, 47 following that calling; lawyers come next, with 35 members; the others are editors, teachers, merchants, salesmen and so on. Most of the members are between 35 and 50 years of age. Representative J. D. Boinott, of Caldwell, is the oldest member, being 74, and Representative Elmore Brown, of Owensboro, just turned 24, the youngest.

Words of Real Wisdom.

If you are a kicker and see the shadow of failure in everything that is proposed to help your town, for heaven's sake go into some secluded canyon and kick your own shadow on the clay bank and give the men who are trying to build up the town a chance. One long-faced, hollow-eyed, hollow-headed, whining, carking, chronic kicker can do more to keep away business and capital from a town than all the droughts, short crops, chinch bugs, cyclones and blizzards combined.

An Ideal Woman's Laxative.

Who wants to take salts, or castor oil, when there is nothing better than Dr. King's New Life Pills for all bowel troubles. They act gently and naturally on the stomach and liver, stimulate and regulate your bowels and tone up the entire system. Price 25c. At all druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

Beware of Ointments for Catarrh That Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such ointments should never be used except on prescription of a responsible physician, as the damage they will do to you is far too great to risk by using them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and it cures internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.

Write to H. E. Bucklen & Co. for constitution.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework."

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off."

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly believe I would have died if I hadn't taken it."

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely."

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution."

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy."

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today."

Write for: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "How to Treat Women," sent in plain wrapper. J-65

In Flourishing Condition.

The subjoined article concerning the Normal School, this city, was incorporated in Gov. McCreary's message to the Legislature:

I have visited the Eastern State Normal School several times in the last two years, and I know that the school has grown and prospered from year to year under the present Board of Regents until the president reports that the plant is worth \$100,000. The number of students has increased to 1,300. More than 7,000 enrollments are recorded in the register and over 3,000 teachers have attended at various times, and practically every former student is now teaching school in Kentucky, 75 per cent. of these teaching in rural communities. The course of study not only includes the usual academic and professional subjects, but well developed departments of agriculture, home economics and manual training.

A farm of 112 acres has been purchased and it is proposed to make it a model farm and a real demonstration farm for both students and teachers, and for the public.

The work in domestic science and in manual training has gone forward most successfully.

Additional dormitory accommodations have been provided by building a substantial annex to Sullivan Hall, the girls' dormitory, at a cost of \$30,000; yet the attendance is so large that, in January and June terms, hundreds of young men and women are compelled to board in private families.

The finances of this institution have been carefully administered. For the past two years the annual maintenance has been \$75,000. The president shows in his report that the school finances were exhibited to the Legislature of 1912, showing a net debt of \$23,468.88, and since that time, in less than two years, the Board of Regents have so effectively administered and developed the school as to reduce its debt \$12,334.10.

Wonderful Cough Remedy.

Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold, throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1. All druggists, or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.

Business Improves With The New Year.

That business throughout the country is showing a strong and forcible current that may develop into a powerful high tide is undoubtedly true. The return to work of idle forces in the industrial districts of New England; the call to employment of many men for more hours of labor in the shops of the Pennsylvania Railway Company; the suddenly increased demand for pig iron; the starting up of the mills of the independent steel companies—these all bear evidence of the end of trade recession and indicate the return to more active conditions.

The eastern financial situation is disclosed by the purchase last week in Chicago of nearly \$2,000,000 worth of commercial paper by leading banks of that city, and the increase of nearly \$20,000,000 in the surplus reserve held by the financial institutions of New York City, as exhibited in the weekly statement of Saturday, January 10.

The acceptance of the reform of the banking and currency system of the nation by both the business man and the bankers as an exceedingly satisfactory measure has been a most potent factor in checking the declining volume of trade and changing public sentiment to an optimistic mood.

The published interviews of such clear-sighted and well-informed business men and financiers as John D. Rockefeller, J. P. Morgan, John W.anamaker, Henry Clews and many others—men who have spoken out plainly and frankly, forecasting improving business conditions—these have had much to do with the increasing confidence of those composing the solid business classes of the republic.

In view of the recent rapid growth of peaceful relations between the Government and the great business interests of the country, it is to be hoped that Congress will aid rather than retard this better understanding, and that all action it may take during this session will be such as will promote prosperity in every section of the Union.

With every week that passes new business should show heavy gains as compared with the very best year in our history.—Cincinnati Enquirer.

"I have been somewhat constive, but Doan's Regulets give just the results I desire. They act mildly and regulate the bowels perfectly."—Geo. B. Krause, Altoona, Pa.

M. M. Hamilton Says Something.

Mack Hamilton, the East Main street meat and groceryman, wants you to try his meat market. He is an old veteran in the meat business and knows "what is what." To avoid delay phone your orders early. He pays the highest price for produce, eggs, butter, dressed poultry, etc. Phone 614. 13 tf.

For Frost Bites and Chapped Skin.

For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, old sores, red and rough skin, there is nothing so equal to Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, tetter, piles, etc. 25c. All druggists, or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.

Good Advice To Lawmakers.

Writing in the Owensboro Inquirer, Editor S. W. Hagar gives the new members of the Legislature some wholesome advice, as follows: "The next General Assembly will have more reformers and retrenchers in it than any legislative body we have had for many years. The last two sessions have been criticized for their liability in making appropriations without providing a means for paying them, thereby creating a large deficit in the general expense fund, and with this deficit the next General Assembly must deal. To relieve the present condition of the State's fiscal affairs many remedies will be offered. Some will be to abolish offices; some to increase the revenue; others to repeal some of the appropriations, and all of these remedies will possess some merit. Judging from opinions expressed by a great many new members, and some of the old ones, too, there will be mighty few appropriations made at Frankfort next winter. On the contrary, there is going to be an effort made to repeal some of the appropriation acts, and there are some that ought to be repealed right here, however, is where wisdom and prudence should be abundantly displayed, otherwise, some worthy institution may suffer or some important department of government may be crippled. Out of a membership of 100 in the Lower House, 81 are new members, most of them young men, and it is highly probable that each of them will go to Frankfort with a separate and distinct idea as to how the government is to be saved. The problem will be to create a composite plan that will embrace all these different ideas, so that all the ambitious solons may participate in the work of saving the State—a problem not easy to solve. There is much for the Legislature to do, but the danger lies in it doing too much rather than too little."

Too Scarce To Waste.

County Judge Rhodes Shackelford, of Madison, poured four gallons of good brandy into the streets of Richmond this week. The booze had been captured in a blind tiger. As scarce as brandy is becoming, "Shack" should have pondered before doing that. Had it been whiskey, all well and good.—Danville Messenger.

Administrator's Notice.

All persons having claims against the estate of W. M. Jones, deceased, are requested to present same to me properly verified on or before March 1, 1914, or same will be barred; and all persons indebted to W. M. Jones are asked to come forward and settle same at once.

N. B. JONES, Admr., of Estate of W. M. Jones.

To Decrease Jags.

In Copenhagen the police have decreased the number of drunkards by a very novel plan of tit-for-tat. If a man is found drunk on the streets he is escorted home in a cab by a police officer, and the cab fare is charged to the publican who sold the man liquor. Needless to say, publicans take very good care that none shall drink too much in their places, in case they should be called to pay the bills.

Why They Leave The Farm.

He told his twelve-year old son to milk the cows, feed the horses, catch the colt and put it in the stable, hunt the eggs, feed the calves, cut some stove wood, split the kindling, stir the cream, pump some fresh water into the creamery after supper and be sure to study his lesson before going to bed. Then he went to the Farmers' Club to discuss the question—"How to Keep the Boys on the Farm."

The Healing Art.

"Well, this is splendid," exclaimed the doctor. "Why, you look as fit as a fiddle!"

"Yes, I'm feeling fine," answered the patient.

"Of course you are. I knew what you wanted. Bathing would have been the death of you. Two hot baths a day, fruit for breakfast, brown bread and water for lunch, with the exercises I prescribed for you are better than any holiday. No more indigestion or insomnia, have you?"

"Not a trace of 'em."

"Well, now, own up that you're glad you took my advice!"

"Well, doctor, I didn't exactly take it. I went down to the South coast for a month and loafed on my back in the sun all the time. I didn't need hot baths, as I bathed in the sea every morning, and I eat about a pound and a half of steak every day, not to mention ham and eggs. That's the treatment you ought to study. S'long!"

Trade With Advertisers.

The first sign that a merchant means to give you a square deal is when he comes out in print and tells you what he is willing to do.

He is putting a promise on paper in words he cannot recall. He is giving you a written contract—you have a right to hold him to it.

He deserves your confidence and your consideration if you should need his wares.

All things being equal, choose the man who advertises in your home paper in preference to the one who does not.

Perhaps the one who does not advertise is merely an old fogey, or perhaps he is afraid of something.

Even if it is simply through old-fogeyism that he invites the spider to spin webs over his door—shun him.

Who wants to trade with back numbers and "never-wazers" in these days of live wires—you don't, do you?

Bond Issue For Roads.

The citizens of Estill county held a mass meeting at Irvine a few days ago to discuss the good roads question. The meeting was presided over by the county judge and was attended by nearly all the new officials, including the magistrates. The gathering resulted in a general expression of sentiment for better roads. It was the consensus of opinion that an effort should be made to vote a bond issue in sufficient amount to build at least ten miles of first-class macadamized road, divided among several highways leading out of Irvine. It remains to be seen what the voters of Estill will do with a bond proposition. That is the best method of raising money to build roads, but the average Kentuckian goes forty feet "up in the air" whenever anybody says anything about issuing bonds. Some county ought to set an example and cover herself with glory by doing so.—Frankfort Journal.

Live Better Than Kings.

All the great rulers of the earth, from King Solomon to Peter the Great, were at a disadvantage compared with the citizen of today. Not one of them had a bathroom with a porcelain tub and modern plumbing in his palace. Not one of them used a safety razor, had an appetizing breakfast food, used a telephone or enjoyed the comforts of an electric light. All these are within the reach of rich and poor. You are better off than Emperor Napoleon, Ramses II or Louis XIV. You have conveniences they never imagined or dreamed about. Chief among them are the modern newspaper and its advertisements and advertised wares.

Are you getting all the good out of life that is possible? You are not if you neglect to read the advertisements and to buy the articles that are advertised. Comforts, luxuries and necessities are offered to you in great profusion, and the fact that they are advertised proves that they are reliable.

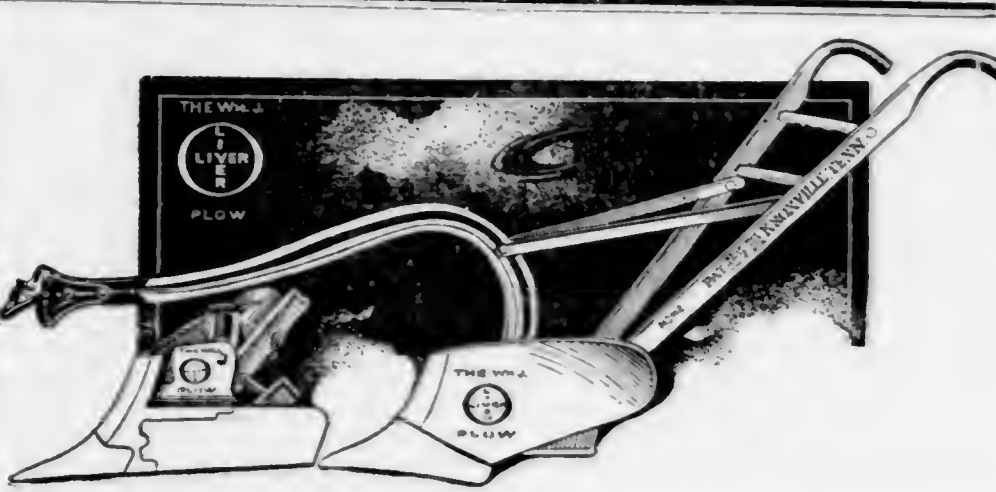

Dampness in Mines

causes rheumatism and gradually weakens even a strong man; your blood must be purified and your general health improved.

Scott's Emulsion is a miner's greatest help; it is so medically perfect it promptly increases red, life-sustaining blood corpuscles to drive rheumatic aches and pains out of the joints and muscles and upbuild your strength—but it must be **Scott's Emulsion**

POINTMENT

Little Spare Time.

If a man did every day all that the dentists say that he ought to do to his teeth; all that the manicures say he should do to his hand; all that the barbers say he ought to do to his hair; all that the tailors say that he ought to do to his clothes; all that the doctors say he ought to do to his food; all that the physical instructors say he ought to do to his muscles; all that the professors say he ought to do to his mind and all the preachers say he ought to do to his soul, how could he get any time to himself?—Danville Messenger.

Why Is This Not Done?

Says the Clay City Times: "Talk about taxation and classification, the State debt, etc., I'll 'tommy-rot'! If we had the right kind of legislators, a stop would be put to all this in less than 60 days by putting the tax equal. Take whisky for an example. In a barrel of whisky there are at least 40 gallons, the real value of which is never less than \$2 per gallon, or \$80 per barrel. This liquor is taxed on a uniform assessment of \$10 per barrel when it should be \$64. This increase would be sufficient to wipe out the debt and harm no one. Why is this not done? The more we see of politics the more we tire of it.

A Puzzle.

We borrow from the New York Press the following instructive history of a head of cabbage:

"This head of cabbage is grown by a small farmer in Connecticut, who gets 1 1-2 cents for it. It first goes to the commission merchant, who lives on Riverside Drive, pays \$4,000 a year for his apartment, keeps an automobile and spends \$2,000 a year. Next the cabbage is sent to the wholesaler, who lives on West End Avenue in an \$1,800 apartment, keeps an automobile and spends \$6,000 a year. Thence the cabbage goes to the jobber, who lives in a \$1,500 apartment on upper Broadway, keeps an automobile and spends \$5,000 a year. From him the cabbage travels to the retailer, who lives in a \$700 apartment on a side street, has a corner grocery for which he pays \$25 a month rent, keeps two delivery wagons at a cost of \$140 per month and spends \$2,500 on his living. Finally the cabbage gets to Mr. Ultimate Consumer, who lives in a \$40 a month tenement, rides in the trolley car or subway, spends all he can make and more to live and pays for that cabbage 15 cents.

Puzzle—Find the cabbage head.

DO IT NOW!

Richmond People Should Not Wait Until It Is Too Late.

The appalling death rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case to home:

Mrs. Goodwin, 136 Big Hill avenue, Richmond, Kentucky, says: "Although never had occasion to use a kidney remedy myself, Doan's Kidney Pills have been taken in my family with fine results. They were procured at Middleton's Drug Store, and used for backache and irregular kidney action. Good results were had."

For sale by all dealers. Price 50 cents. Western-Milburn Co., Buffalo, New York, is agents for the United States. Remember the name—Doan's—and use no other.

NEWS NOTES.

Fire destroyed several buildings in Slaughterville, Webster county, causing a loss of \$10,000.

A committee is to be appointed to investigate rumors that some State officials are drawing too salaries.

Mrs. Hennie Yates pleaded guilty in Union City, Tenn., to drowning two of her children in Obion county last summer.

Richard D. Langford, a Southern railway vice-president and secretary of the road, was found dead in a gas filled room in his apartments in Brooklyn.

R. C. Ford, a banker of Middleboro, was recommended to the Attorney General by Senator Ollie James for, U. S. Marshal for the Eastern Kentucky district.

Constitutional woman's suffrage in Kentucky must wait if bills providing for amendment covering classified property tax and convict labor on roads pass.

An industrial awakening that will put pauc preachers to shame was predicted by Democratic Leader Underwood in answer to attacks by Republicans on the Administration.

With the death of John Hoge, aged 60, and the quarantine of five other cases of smallpox, which developed at Austerlitz, Bourbon county, the situation has become critical.

The President has indicated that he will veto the Postoffice Appropriation Bill if the "rider" exempting assistant postmasters from the classified service is not withdrawn.

The report of the State Board of Health, as submitted to Gov. McCreary, shows that during the 33 months that the vital statistics law has been in operation 33,778 deaths have occurred in the State, 23,866 of which were preventable.

In the opinion of speakers at the annual convention of the National Shoe Retailers' Association in New York, the retail price of shoes may soon reach \$10 per pair. "Pure shoe laws," already adopted in 25 States, and measures of the same nature now pending in Congress, were given as the chief cause for increasing the price of footwear.

Stop--Look--Listen

Arrested In Lexington.

Chief McCord received a telephone message Tuesday from the Lexington police conveying the information that Walter Jenkins, negro, of Richmond, had been arrested in Lexington on a charge of stealing a handsome silver mesh bag which he had in his possession at the time of his arrest. The negro said he found the bag, which is worth about \$30, at the Winchester depot. If any one in Winchester has lost such a bag, the report should be reported to the Police Department.—Winchester News.

WONDERFUL MONEY SAVING OPPORTUNITIES IN A

Monster January CLEARANCE Sale

The winter season has not reached its end. We find ourselves with quite some merchandise on hand that should have been sold long ago. In order to convert this stock into money, we have decided to hold a reduction sale that will make new history for our town. Its going to be an event that the public for miles around will be compelled to take advantage of. We want every family to share in the "good times." Never in the history of this town were there such opportunities for saving money. The "Mark Down Man" has gone through the entire store with his keen-edged knife sharpened like a razor, and what he has done to prices will startle our readers. The stocks, new and fresh as they are, must be closed out quickly as they have been here longer than they should. There is no time to figure the cost to us. We cheerfully pocket our loss, feeling that by so doing we will make hundreds of new friends besides clinching the confidence of hundreds of old ones. ITS BETTER THAN PUTTING YOUR MONEY IN THE BANK TO BUY AT THIS STUPENDOUS SALE. You should get here as early as possible if you want choicest picking. It will be well worth your while—the savings are immense

A DOLLAR WILL BUY TWO DOLLARS WORTH AND MORE

The Greatest Bargain Feast ever offered—and winter has just begun. You can buy more for your money during this sale than ever before. Come to this great sale and make us prove it

Save money by buying Lace Curtains, Draperies, Carpets, Mattings, Rugs and Oil Cloth NOW

THE REASON FOR THIS BIG SALE

To those who have visited our store lately the reason for this sale is plain—simply this—Too Great A Stock. We must reduce this stock. Never before have we been so well prepared to furnish the needs of the people of Richmond and Madison county as we are now. Expecting an early winter we bought far too heavy in all departments. Our inventory shows entirely too many goods. WE MUST SELL. We have cut the price in many cases LESS THAN HALF

TO those who have attended the E. V. Elder Mill End Sales it is unnecessary for us to describe in detail the effort that has been made throughout our entire house to assure the success of this Mill End Sale for they know what we have done in the past and we are simply going to do it again

LOOK FOR THE LITTLE GREEN TAGS—They Mean Bargains

Sale Begins Friday, January 9th, and Closes Saturday Night, January 24th

STORE CLOSED ALL DAY THURSDAY TO MARK DOWN PRICES FOR THIS GREAT BARGAIN EVENT

CLOTHING SALE

New, clean, honest, Winter Suits and Overcoats to be sold in two weeks. You no doubt have attended sales galore, but when it comes to legitimate merchandising nothing ever happened in Richmond that bordered on the magnitude of the showing of Strictly High Grade Hand Tailored Suits and Overcoats that will be thrown on the market in this sale. We challenge competition in any part of Kentucky on the values. We show everything new—fashionable styles and exclusive fashions.

Millinery at Half Price During This Sale

We have a beautiful line of all the very latest and exclusive styles, whether you want it for street wear or best wear. You will find here from this selection anything you may need AT JUST HALF PRICE

Good Assignments.
Hon. John P. White, Madison's representative at Frankfort, was made chairman of the committee of the Geological Survey, and placed also on the committee on the State House, Confederate Home and House of Reform. That Mr. White will discharge the duties imposed on no one will doubt.

Examinations.
Examinations will be held here on February 7, for all positions in the Internal Revenue service. On February 14, a similar examination will be held in this city for applicants for positions as fourth class postmasters. If interested, call at Government building for further information.

The Climax takes every possible precaution to see that every subscriber receives his paper each week. However, newspapers sometimes go astray and we are always glad to mail another copy to any subscriber whose paper fails to arrive. Drop us a card or call us up and another copy will gladly be sent.

Fire Destroys Residence.
About six o'clock Sunday evening fire destroyed the residence of Ed Morton, on the Otter creek pike, together with practically all contents. No cause for the conflagration can be given. The building was a two story frame residence and is a complete loss, as Mr. Morton had no insurance on building or household goods.

Dr. White Meets With Painful Accident.

While in the discharge of his duties in the Climax office last Tuesday evening, Dr. W. G. White met with a very painful accident, which, for a while, was feared would prove fatal. In the rush which always precedes the issuing of the Climax, some one went into the basement of the building and left open a trap door, which is located in a very dark corner, and Dr. White, not being aware of the open door walked into same, falling a distance of six feet, landing on his head. He was hurriedly extricated from his perilous position and the services of a physician summoned. On examination he was found to be suffering from a fracture of several ribs, his back strained, and other bruises of minor importance. The injured man was removed to his home on the Summit, where for several days he was threatened with traumatic pneumonia, but this danger has been obviated, and while yet confined to his residence is improving, but it will be some time before he can resume his duties at this office.

Do you realize what the

Home Tobacco Warehouse has done

for the Richmond market?

It has made it the highest and

best tobacco market

in Kentucky.

We are entitled to your patronage

Home Tobacco Warehouse
COMPANY
THE BIG HOUSE

New Car.
Mr. Leslie Long, of Cottonburg, is the latest possessor of a motor car in the county, having purchased last week from the Madison Garage the latest Ford touring car.

Spelling Match.
A spelling match will be given by Class No. 9 of the First Christian church in the lecture-room Thursday, Jan. 29, at 7 p. m. The "Blue-back" spelling book will be used. Everybody invited to come and spell. Admission, 10 cts.

Fertilizers for tobacco, wheat or corn land. Ask us about them. Richmond Coal & Supply Company. Phones 93 and 110. 21-1f

\$28,000 Raised in Taxes.
By unanimous vote the city commissioners of Lexington Friday raised the realty assessment of the Burley Tobacco Company from \$47,000 to \$75,000, and a few minutes later by a majority vote agreed to allow the 60 per cent. personal assessment of the Lexington banks to remain undisturbed.

Irvine to Have Electric Light Plant.
A. C. Graham, of Etowah, Tenn., is now in Irvine with a view to making contracts for wiring buildings for electric light service. It is proposed to build the private plant of Mr. Wallace, which he is installing for his large hotel and business block, large enough to furnish lights for other buildings. Mr. Graham is also interested in organizing a company to furnish light and power for the entire town of Irvine.

Of Interest to Farmers.
Mr. W. M. Martin will address the farmers of Madison county at the Court-House, this city, on Monday—county court day—Feb. 2d. Everybody invited to be present.

Lexington Chief of Police Wounded.
In a pistol duel Saturday morning in Lexington, Chief of Police J. J. Reagan was shot in the left arm by a negro by the name of Joseph Smith, whom the officer was trying to arrest. The negro in turn was shot three times by pursuing officers, but will probably recover. Chief Reagan is not dangerously wounded.

Just received a new line of One-piece Dresses. B. E. Belue & Co.

DEATHS
Mrs. J. W. Dinsmore, wife of the former dean of the Normal Department of Berea College, died Thursday night at her home in Kent, Ohio. Memorial services were held Friday at Berea College.

Mr. Green Newby, one of the best known farmers of Tate's Creek section, died at his home near Whitlock, Friday night, after an illness of three weeks, of pleurisy. Deceased was 76 years of age and was long a member of the Christian church. He is survived by his wife and six children—Messrs. Shelby and Allen Newby, of Illinois; Talton, Bryant and Coy and Miss Sallie Newby, of this county, all of whom were at his bedside when the final summons came. Funeral services were conducted at his late residence Saturday afternoon, followed by interment in the family burying-ground.

Richmond Democrat Appointed.
Mr. Robert Sallee, of this city, has been appointed to a position in the Internal Revenue service, and has been assigned to duty at Silver Creek, this county. This is the second Democrat to be named for Government positions from this city. Mr. J. W. Hutchinson being selected some days ago for a similar position.

Always Up-To-Date.
The Alhambra yesterday installed the latest improvement in the way of a perfected screen, what is known as a "Golden Radium." This screen has many advantages—the brilliant light doesn't affect the eyes, the house lights do not have to be lowered; the screen brings out the figures of the picture in life-like relief, as well as the colors. Its operation should be seen to be fully understood and appreciated.

Mr. Noland Offered Position.
Attorney John Noland, of this city, has been offered the position of Income Tax Collector for this district by Collector John Hughes. This appointment comes as a recognition of the splendid service rendered the party by Mr. Noland. In case of his acceptance, Mr. Noland would have to move to Danville and as late as Monday he was holding his decision in abeyance.

New Firm.
Mr. D. B. McKinney, the Main street groceryman, has sold a half interest in his business to Mr. James Deatherage, possession given yesterday. Mr. Deatherage has been connected with the firm of Douglas & Simmons for several years, but retired from that firm the first of the year. We bespeak a splendid patronage for the firm of McKinney & Deatherage.

Thomas M. Wells May Be Assistant Warden.
The Frankfort State Journal has the following to say concerning the selection of an assistant warden at the State penitentiary:

"The information that Deputy Warden Samuel Lykins, of the Reformatory, probably will be appointed Capitol Custodian by the State Sinking Fund Commission next month, has aroused much interest in the naming of his successor. Assistant Deputy Warden G. W. Kaeze, of Elliott county, or Guard Thomas McCreary Wells, of Madison county, a namesake of Governor McCreary, is tipped for Lykins' place, and Guard J. L. Kitchen, of Ashland, is mentioned as a possible successor to Kaeze, if he is promoted, though Wells may be the man." The friends of Mr. Wells in this city and county trust he will be successful in securing this coveted promotion.

Commercial Club Holds Interesting Session.
A large crowd was present Thursday night at a meeting of the Commercial Club in the Masonic Club Rooms. The meeting was called to order by President C. F. Higgins, who gave a review of past work accomplished by the association. Mr. J. J. Greenleaf was the first speaker of the evening, and during his talk gave a report of the railroad rate investigating committee, of which he is a member. Rev. E. B. Barnes gave a splendid talk on "Co-operation." "Ten commandments of catalogue houses," an article published in the last issue of the Climax, was read by the secretary. Dr. C. H. Vaughn spoke of the tobacco industry and the Patti A. Clay Infirmary, and was followed by Prof. Keith, who spoke of the relative value of the Normal School to the city of Richmond and Madison county. Rev. B. C. Horton spoke on "What a new corner saw that Richmond needed." Hon. B. J. Clay made a nice talk on the need of sewerage and good streets in Richmond. The Commercial Club, being cognizant of the great work being accomplished by the Eastern Normal School, of this city, tendered the services of its members in rendering any service possible at Frankfort during the session of the Legislature. Next meeting of the Club will be held Tuesday, February 3.

At the conclusion of these talks refreshments were served. Then President Higgins appointed a committee to plan and organize definite steps for proceeding to take up the matter of obtaining for Richmond a reduction in freight rates.

Agitation of this question was started some months ago, when the following committee—C. F. Higgins, J. W. Hamilton, W. E. Blanton, G. D. Simmons, J. J. Greenleaf and others—was appointed to investigate and report to the Club the situation as to the comparison of our freight rates with those of surrounding towns. That committee, in addition to careful personal investigation of the question, employed Mr. J. H. Ramsey, a noted freight rate expert, to make them a report. The talk made at the meeting of the Club by Judge Greenleaf was in the nature of the report of this committee, which included Mr. Ramsey's report.

The committee reported that Winchester, Paris, Lexington, Nicholasville, Frankfort and practically every other town in Kentucky has lower freight rates on shipments of all kinds of merchandise, coal, livestock and other commodities coming from Louisville, Cincinnati and New York than Richmond has. The result of this is that not only our merchants, both retail and wholesale, but every consumer in the county necessarily pays more for the necessities of life than those in our surrounding towns. The committee which was appointed by President Higgins at the last meeting is composed of Messrs. Higgins, J. W. Hamilton, Greenleaf, Stivers, W. E. Blanton, G. D. Simmons, Allen Zaring and G. W. Goodloe. Its purpose is to ascertain the cost of presenting to the Interstate Commerce Commission and to the Kentucky Railroad Commission a complaint similar to that which other towns all over the country have recently made and been successful, and to devise means for raising an amount sufficient to carry the fight through.

It is estimated by those familiar with the situation that Richmond and Madison county would save from \$40,000 to \$50,000 per year if the Commercial Club could succeed in having the rates to and from Richmond put upon the same basis which Winchester and other neighboring towns enjoy. The fight would be based upon that part of the act of Congress to regulate interstate commerce, which in definite and positive terms says that "It shall be unlawful for any common carrier to make or give any undue or unreasonable preference or advantage to any particular locality in any respect whatsoever; or to subject any particular locality to any undue or unreasonable prejudice or disadvantage in any respect whatsoever."

The members of the committee have agreed to leave nothing undone in the way of getting this movement started. In proof of their earnestness in the matter they had a meeting Saturday night which lasted several hours and at which the first steps were taken towards organizing and preparation. The committee has adopted resolutions to meet every Saturday night hereafter, and the members are determined to carry the fight through to a finish.

It is their purpose to prepare and distribute among the merchants of this city and all others who may be interested, a pamphlet which will show the facts and figures upon which their work is based and what they expect to accomplish. By this method it is expected that every business man in Richmond will be familiar with the question by the time the Commercial Club has its next meeting, which will be at the City Hall on Feb. 3rd, so that at that time definite plans of action may be agreed upon.

It is planned to have Mr. Ramsey, the rate expert above referred to, attend this meeting and show our people why he thinks that we should be able to obtain those rate reductions.

School Fund to be Distributed Promptly.
For the first time in 20 years the State school fund will this year be disbursed among the counties and cities as it falls due. The last installment of about \$402,000 will become due on Feb. 1 and Assistant State Treasurer Robt. G. Phillips says that checks will be sent out on that day. This year the payments began in October have been made promptly, including the February 1 installment, the treasury will have disbursed to the schools more than \$3,000,000 for the school year. In previous years the February payment has been delayed as late as the following June.

Big Cattle Deal.
A big cattle deal was consummated Saturday when J. W. Parrish, of Midway, sold to Weil & Co., of Lexington, 119 head of export cattle at \$c a pound. They averaged 1,320 pounds and brought their owner \$12,500.40. Weil & Co. shipped them to Philadelphia.

Painfully Injured.
Mr. Dell Azbill met with a painful accident Saturday morning while en route home from Lexington. He attended a dance in Nicholasville Friday night and was returning to this city in an auto, with Marshall Irvine as chauffeur, and when nearing Kentucky river a collision with a wagon on a short curve seemed imminent, and, in attempting to pass the vehicle, Mr. Azbill was thrown out and suffered a broken collar bone and other bruises. He was brought to his home here where medical attention was given. While suffering considerable pain still, he is getting along nicely.

Dr. Snowden's Slate May Be Valuable.
Dr. John A. Snowden's prospects for becoming a multi-millionaire are very flattering, judging from a letter received by him from Levi Duncan, president of the American Slate Roofing Co., which is capitalized at \$10,000,000, with headquarters at Parkersburg, W. Va. The letter follows:

Dear Doctor:—We understand you own a farm near Indian Fields, Clark county, Ky., upon which is a 20-acre slate rock quarry, which we believe can be utilized in making slate roofing. Please write character of slate, how near to railway, kind of road to depot, water supply and price of entire farm. Should your letter sound right, will send representative to investigate.—Winchester Sun.

Dr. Snowden formerly resided at Point Lick and has many friends in Madison who will rejoice to see the genial doctor strike it rich.

MARRIED
A pretty home wedding was solemnized Sunday, January 11th, at the home of Mr. and Mrs. William Williams, at Iron Mound, when their daughter, Miss Lizzie Williams, was given in marriage to Mr. H. C. Jones, of Madison county, Rev. J. N. Culton, of Richmond, officiating. Miss Ida Mae Stevens acted as bridesmaid and Mr. Shelby Gaines as best man.

Quite a number of relatives and friends were present on the happy occasion and a bountiful dinner was served just after the ceremony.

The groom is an engineer for the Jones & Gray Construction Co. and is a prosperous and popular young man. The bride is loved by all who know her and is very popular with her many friends. She will make the man of her choice an ideal companion and helpmeet. May their married life be a long and happy one.—Estill Tribune.

Mr. & Mrs. Young Couple:—
If you want to start the new year right, make your home attractive. The way to do this is to furnish your house as beautifully as you can afford to. Come to us and let us show you our line of handsome up-to-date, durable furniture. That is the only kind of furniture we carry. Our PRICES moreover, are as honest as our quality. You will like our Rugs, too! We give you also the benefit of reasonable prices, and easy terms to suit.

Irvine Sun Has Kind Words for Richmond
"Observer" in the Winchester Sun, has been observing in our direction. He observes and then observes some more. Which observations lead us to observe that we expect the new railroad to increase our trade with Winchester. Our people will trade where they see fit and observation has led us to believe that they will receive fair dealing and courteous treatment in their relations with Winchester people. However, that burg need not expect all of Estill's trade, as "Observer" would have you believe, for Richmond is to be reckoned with as a competitor for the wholesale trade of Estill. Richmond is three miles nearer Irvine than Winchester will be when the new road is completed, and we predict that it will be no easy task for Winchester to break some of the commercialities which now bind Irvine and Richmond together. We note that Winchester people have a habit of "going after" anything they want and they may some day have a fair share of Estill's trade.—Editor Walker in Irvine Sun.

County Road Engineers To Meet in Frankfort.
All the county road engineers of the State will meet in Frankfort February 4 and 5. A program embracing the subjects pertinent to their work and discussions of personal experiences with the new road law under the varying conditions will occupy the time of the session. The engineers will be addressed by Gov. McCreary in the state reception room at the capitol during the session.

Public School Children's Soup Fund.
This movement has been in operation one year and in that time has been expended \$110 and lunches furnished to 40 poor children for 14 weeks. Voluntary contributions to this fund will be received by the newspapers of Richmond and acknowledged weekly in their columns.
